# TECHNICAL PROFICIENCY

# ENGAGEMENT MODELS

## Fixed Price

Having a clear grasp on what you wish your project to achieve with little or no uncertainty allows us to complete your project in a timely fashion.

1

2

## Time & Material

This model allows maximum variation in project scope while still ensuring little variation in overall project cost. We offer our customers the option of picking between hourly, weekly, or monthly plans to employ our services for their projects.

4

## Dedicated Team Model

Minimize costs and enhance productivity with our virtual worker outsourcing services. This model is best suited for companies with long term requirements that use a well-defined set of technologies.

## Co-Development

We provides a co-development IT engagement model to help streamline the development and cost process for projects with shared interests.

3

# WHY US

We are here to add a value,  
Create an experience, and  
Strive to exceed your expectations.

Certified Developers

Assured ROI

# OUR CLIENTS

We have had the pleasure of working with small and large organizations in all industries from across the globe. To us, they're not just clients, they are our partners in digital success.

# TESTIMONIALS

What Our Clients Say

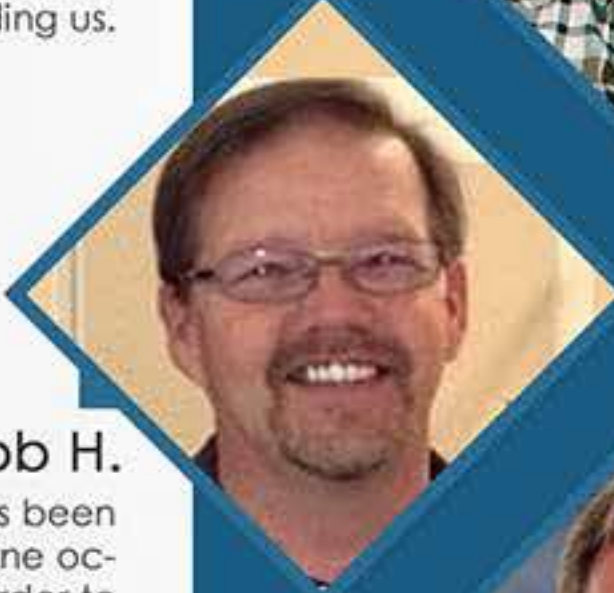

## Malcolm E.

I am so grateful to have the Elsner Team working with me on my project. The entire teams work is impeccable. I could not have hoped to have found a better partner to help me build my website.

## Brian M.

Brian share their experience about working with us. It all started with an idea to build a custom CRM for their business. They appreciate our service delivery methodology and customer relationship management which is our USP. Thank you for recommending us.

## Rob H.

I would say that Elsner Technologies has been responsive, and have in more than one occasion exceed the "paid" hours in order to ensure a successful outcome or resolve an unforeseen issue. The quality of work has been excellent. I can gladly say I recommend Elsner to anyone.

## Shere N.

Experience with Elsner Technologies has been good with SEO & Development work. The team is responsive & gets the work done well. The SEO results are decent & our contract for SEO is very pleasant to deal with. I recommend this company for its good work ethic & strong results.

## Oliver L.

We were really impressed with Elsner Technologies. We've worked with other Indian development companies in the past and have always struggled with communications and quality of work, Elsner were completely different

## Chuck M.

I had the pleasure of working with a true professional team. It was a breath of fresh air working with such a great team that was lead by Elsner. I would highly recommend Elsner team of dedicated webmasters.
